Re: Docket E-01345A-16-0036
Docket E-01345A-16-0123

Gentlemen:

We are residents of a 50 unit Sun City HOA as well as APS customers. As such, we strongly object to the APS recommendation for Mandatory Demand Charges.

The mandatory demand charge could produce radically different charges every month. We could experience spiked kilowatt usage, considerably higher than usual, for some periods of time. This will result in larger monthly bills which will be a financial burden for many of our residents.

Residential demand charges are currently available as a choice. That is exactly where they belong.

As concerned APS customers, we urge you to vote against Mandatory Demand Charges.

Respectfully,

Ardelle Freimark, President
Board of Management
Prairie-King Condominium Assoc., Inc.
